

FIRST AID POLICY

Shepparton East Primary School

Policy: **CAMPS**

Approved at School Council Meeting: **May 2018** Review: **2020**

BASIC BELIEFS

Camps are seen as an integral part of the school curriculum as they enable students to explore, extend and enrich their learning and their social skills development, in a non-school setting. Camps may have a cultural, environmental or outdoor emphasis and are an important aspect of the educational programs offered at our school. A camp is defined as any activity that involves at least one night's accommodation.

AIMS

- To provide students with the opportunity to participate in a camping program that is linked to social, cultural and educational outcomes for students.
- To provide shared class and year level experiences, team building and a sense of group cohesiveness.
- To reinforce and extend classroom learning.
- To provide a program that delivers skills and knowledge that may lead to a lifelong involvement in worthwhile leisure pursuits.
- To provide a program that promotes self-esteem, resourcefulness, independence, leadership, judgement, cooperation and tolerance.
- To further develop their problem solving and life survival skills
- To extend understanding of their physical and cultural environment

GUIDELINES FOR ACTION

- All camps must be approved annually by the Principal and School Council.
- The Principal or their nominee will ensure that full records are submitted to Council regarding the camp well in advance of the starting date of the event and that no camp occurs unless all the formal record keeping has been completed and approved
- Staff wishing to organize a camp must complete a camp proposal form and lodge this with the Principal for approval. All camps must be approved prior to running. This decision will be made by the Principal. The Principal in consultation with appropriate staff will consider the educational outcomes of the camp as well as the impact on the school program for the proposed dates.
- The Principal in consultation with organizing teachers will ensure that all camps, transport arrangements, emergency procedures and student/staff ratios comply with DEECD guidelines.

EXAMPLE ONLY POLICY

- The School office will complete the “Notification of School Activity” online at www.eduweb.vic.gov.au/forms/school/sal/enteractivity.asp 4 weeks prior to the camp departure date
- All approved camps will then be presented to School Council for their approval.

Access to Camp.

- All efforts will be made not to exclude students simply for financial reasons. Parents experiencing financial difficulty, who wish for their children to attend a camp, are invited to discuss alternative arrangements with the Principal and Business Manager. Decisions relating to alternative payment arrangements will be made by the Principal and Business Manager in consultation with the appropriate staff, on an individual basis.
- All aspects of the camp will be outlined to parents in writing, including cost, sleeping arrangements, itinerary, activities, clothing and equipment lists, contact phone numbers, transport arrangements, student management processes, permission and medical forms and clearly stated payment finalisation dates.
- **All families will be given sufficient time to make payments for camps. All parental consent and medical forms must be completed, signed and returned with all money paid by the date printed on the permission form. Students will not be allowed to attend the camp if any forms or payments have not been received by this date.**
- **The final payment date will be advertised in the school newsletter and a final reminder will go out on FlexiBuzz 24 hours prior to this date.**
- Copies of completed permission notes and medical information must be accessible at the camp location by staff at all times.
- **Due to organisational and legal requirements and to ensure students gain the full camp experience, all students who attend camp will be required to stay overnight with the Shepparton East staff, unless a medical condition would prevent this.**
- Only students that have displayed sensible, reliable behaviour at school will be permitted to participate in school camps. Parents will be notified if their child is in danger of losing the privilege to participate in a camp due to poor behaviour at school. The decision to exclude a student will be made by the Principal in consultation with the organizing teacher. Both the parent and the student will be informed of this decision prior to the camp. All students participating in a school camp will be asked to sign a contract agreeing to abide by all camp rules.
- Parents will be requested to collect their child from camp if their child exhibits behaviour that is considered unacceptable or a danger to others. The Teacher in Charge, in consultation with the Principal, will make this decision. Costs incurred will be the responsibility of the parent.

Organisation

- All food, equipment, staffing, organization of activities and student management procedures must be addressed prior to the camp. Consideration needs to be given to students with special dietary and medical requirements. Parents should notify the staff in writing regarding special dietary and medical requirements when returning consent forms.
- The Business Manager will be responsible for managing and monitoring the payments made by parents and will provide organising teachers with detailed records on a regular basis.
- The Teacher in Charge must provide the General Office with a final student list
- In the case where a camp involves a particular class or year level group, the organising teacher will ensure that there is an alternative program available for those students not attending the camp.
- The school will ensure that teachers on the camp will have a mobile phone and first aid kit for each camp. The teacher in charge is responsible for collecting these prior to leaving.

- Parents may be invited to assist in the delivery of school camps. When deciding which parents will attend the organising teacher will take into account any valuable skills offered (e.g. bus licence, first aid, etc), gender balance and special needs of particular students.
- For high risk Outdoor Education activities the staff member organizing must have suitable training and current qualifications. All staff members must be aware of the increased duty of care.
- The teacher in charge will ensure that student medical forms are available at the site and all camp staff are aware of special medical issues or medication requirements of any student.
- One staff member will be designated to take responsibility for administering student medication if required. (following consultation with parents)
- Prior to the camp or excursion parent/carers are to be made aware that DEECD does not provide student accident cover and that they need to make their own arrangements for cover.

Site Safety

- All safety requirements must be considered and adequately resolved prior to the camp. Telephone numbers of all emergency services must be provided to the school, and be taken on camp. If any swimming activities are to occur, there must be sufficient staff attending with appropriate swimming qualifications to enable safe supervision.
Refer: Safety Guidelines for Education Outdoors
- A designated “Teacher in Charge” will coordinate each camp. All camps will have an experienced teacher in attendance where possible.
- The Teacher in Charge will ensure all students and adults attending the camp are aware of evacuation and emergency procedures.
- The teacher in charge will communicate the anticipated return time with the school office in the case where camps are returning out of school hours. Parents will be informed prior to students leaving for the camp, that they can phone the office to receive an updated anticipated return time. Notifications will also be sent out on the Tiqbiz app.

Appendices which are connected with this policy are:

- Appendix A: Guidelines for teachers planning a camp or excursion
- Appendix B: Pro-forma for school approval for all camps
- Appendix C: Pupil/Teacher Ratios

EVALUATION

This policy should be read in conjunction with the following policies:

- Anaphylaxis Management Policy
- Asthma Policy and Procedures
- Distribution of Medication Policy and Procedures

This policy will be reviewed bi-annually or more often if necessary due to changes in regulations or circumstances.
